Degree	Major	Institute	Year	CGPA
B-Tech	IT	B V Raju Institute of Technology	2023 - Present	8.38
Diploma	Civil	Government Polytechnic Warangal	2020 - 2023	9.01
SSC (10th Grade)	-	Montessori EM School	2020	10

SKILLS

- **Programming Languages:** Java,C,C++,Python
- **Data Structures & Algorithms (DSA):** Solved 500+ problems on LeetCode (Rating 1600+)
- **Web Development:** HTML5, Tailwind CSS, JavaScript
- **Frameworks/Libraries:** React,Next js, Node.js,Express.js and Redux – developing RESTful APIs, middleware, and scalable server-side logic.
- **Database Management:** MongoDB (NoSQL), MySQL (Relational)–schema design, CRUD.
- **Areas of Interest:** Object-Oriented Programming, DBMS,Operating Systems,Computer Network
- **Tools/Platforms:** Git, GitHub, VS Code, Vercel, Render – version control, collaborative development, and cloud deployment platforms.
- **Soft Skills:** Problem Solving, Communication, Team Collaboration, Quick Learning, Adaptability

EXPERIENCE

- **Software Developer Intern (Deepklarity)** March 2026 – April
Company Project: Harness Kit
 - Developed interactive dashboards using React for analyzing datasets like Product Hunt, Chrome extensions, and VS Code extensions.
 - Built two applications: **Pictionary Game** and **Word Search Game**.
 - Contributed to **Harness Kit** by fixing bugs and improving UI components.
 - Worked in an agile environment with daily scrum meetings and communication via Slack.

PROJECTS

- **Doctor Patient Appointment and Payment Management System** → [Link](#) [🔗]
React, Node.js, Express.js, MongoDB
 - Patients can register, book or cancel appointments, and make secure online payments through platform.
 - Doctors manage their availability schedules, appointments, earnings, and profile details efficiently.
 - Admins can add doctors, manage their availability, monitor appointments, and view the dashboard.
- **AlgoNest – Interactive DSA & Aptitude Learning Platform** → [Link](#) [🔗]
React, Node.js, Express.js, MongoDB
 - Developed a structured learning platform featuring 250+ curated problems, real-time coding, and instant automated evaluation for Data Structures and Algorithms and aptitude skill development.
 - Provided clear guidance for students to learn DSA and aptitude concepts through competitive practice.
 - Implemented a dynamic ranking system and progress tracking to promote competitive learning and continuous user engagement.

ACHEIVEMENTS

- **Competitive Programming:** Solved **300+ problems** across LeetCode and CodeChef, with a contest rating of **1600+** on LeetCode and consistent practice on CodeChef.
- **Webathon:** Participated in a Web Hackathon, demonstrating problem-solving skills and presenting innovative solutions.

CERTIFICATIONS

- **Salesforce:** Earned the **Salesforce Agentforce Specialist** certification, demonstrating skills in AI-driven customer support, case resolution workflows, and leveraging Salesforce Agentforce tools for enhanced service productivity. [View Certificate](#)
- **AWS (Forage):** Completed the **AWS Solutions Architecture Job Simulation**, gaining hands-on experience in scalable cloud architecture design and deployment using AWS services.
- **Smart Interviews:** Awarded Silver Certificate for ranking **8,199** out of 46,868 in timed coding challenges on key Data Structures and Algorithms topics. [View Certificate](#)
- **Cisco Networking Academy:** Built strong JavaScript fundamentals—including variables, functions, control flow, event handling, and DOM manipulation—through practical coding exercises.
- **SoloLearn:** Completed the **ML for Beginners** course, gaining theoretical and practical understanding of Machine Learning concepts.
